I feel like I depend on my beloved girl friend's schedule
Because: • I didn't clear what I'm gonna do in the first place

• I afraid to talk to her what's on my mind
→ I'm to protect my emotion as well as hers. I'm afraid of conflicts

• I need to have a space that I feel free inside it. I need to talk to her

* Why I feel so empty... I have so much things to do do
yet I found so stucked inside my head.

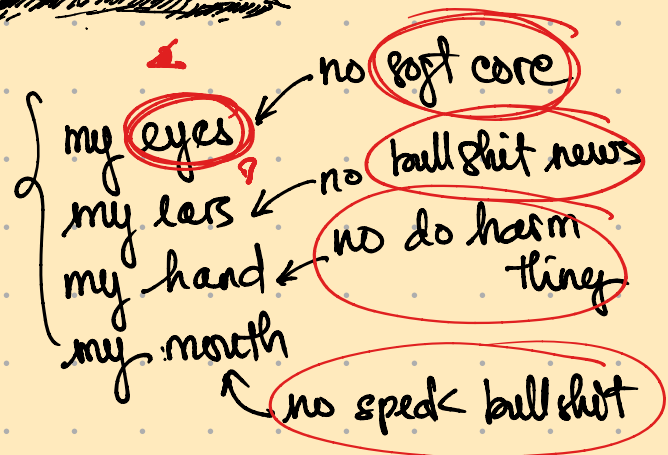

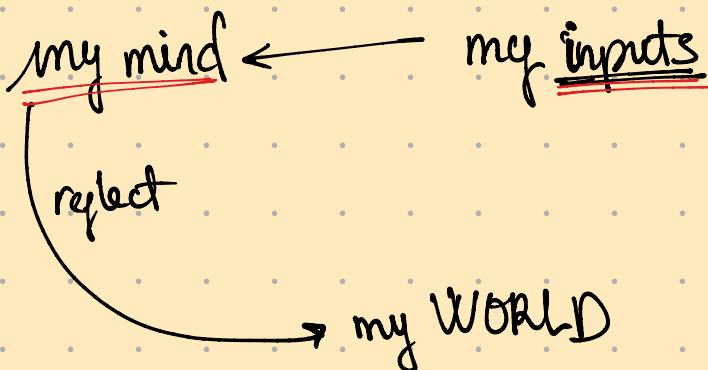

• I don't want to do anything but I also need to do so much...

Stress? Why?

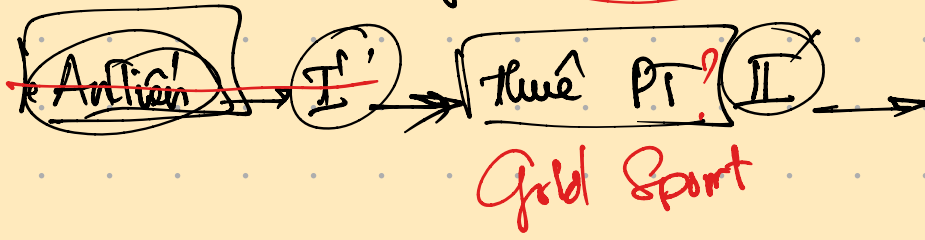

I feel lost
I don't know where
to go

I need to control
